RETAIL MARKET. - We are advised that perhaps some of our readers in the country may perhaps fall into an error by confounding our report of the wholesale market with that o the retail. For instance, yesterday we quoted butter at 124a15 cents. This is the price paid by produce dealers who purchase large quantities; while at the same time a good article of family butter will readily command from 20 to 30 cents per pound; and from 100 to 500 pounds could be sold here every morning at that price. We make this explanation for the benefit both of the producer and the consum r, that the former may understand what he can do with his butter, and the latter be thus enabled to procure a first rate article with less trouble.

FALSE PRETENCES .- Fred. Moffitt, a young man who had been spending some two or three weeks in this city, was aurrested yesterday upon a charge of obtaining money under false pretences. He was taken before Esq. Marcell, and his examination postponed untithis morning. The amount involved, we understand, is not large. His bail was fixed at \$2,000, which be had not obtained late last

"We are stating facts, the result of close personal observation. We have never witnessed so rapid and thorough a reaction in any party as that which has occurred within the last three days. We have no doubt whatever that the party is now as powerful as ever; and, though November is a long way off, it needs no seer to predict, that unless some startling and unexpected change should take place, the ticket nominated by the American Convention will sweep the State. It is strong in itself, and stronger still in the platform on which it stands"

SINGULAR PHENOMENON ON THE RIVER.—The Louisville Courier of Saturday, says the officers and others on the Memphis flacket Tishomingo, on her trip up the Ohio river Thursday evening, saw a singular, and we may add, frightful up-heaving of the river or black water spout, just ahead of them, near Alton and Wolf Creek. The river, which is very deep at that point, was in great commotion just about the middle of the river, and a dense mass rose from the surface, having the appearance at first, of a couple of laden coal boats up-ended in the river, and then sunk down again. Letter from Hon. John Minor Botts, of Virginia. RICHMOND, July 9th, 1855.

Messrs, WM. S. Berrs & Co., Genis.—Considerations of duty to the afflicted alone prompt me to send you this vol-untary testimonial to the great value of "Carter's Spanish Mixture," for that almost incurable disease, Scrotula.

Without being disposed or deeming it necessary to go into the particulars of the case, I can say that the astonisi ing results that have been produced by the use of that med-ione on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady. I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for, of course, I can know nothing about that—but from what I have seen of the effects, I would not he sitate to use it, in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or Jv21—tsept1 JO:

To the Citizens of the Southern and Western States.

Learning from my agents and correspondents in various parts of the country, that my Schiedam Aromatic Schuapps is extensively counterfeited, especially in the Southern and Western States, and finding that the pirates daringly advertise their pernicious deceptions under the name which belongs to my article. I think it necessary to caution the community against these venders of polson in disguise.

Lintroduced the Schiedam Aromatic Schnapps for the purpose of supplying the medical faculty and the whole community with a pure medicinal spirit, which might be prescribed with confidence in all cases where stimulants were required, without producing the fearful consequences which invariably result from using adulterated liquor. In order to render assurance doubly sure, I had the article analyzed by chemists of world-wide celebrity, and submitted it for experiment test to thousands of distinguished story is false—that it has been trumped up at San medical practitioners. The responses from these sources were of the most unequivocal and satisfactory character.— It is now before the public, surrounded with these guarantees, and bearing these unimpeachable endorsements, and I call upon the community to protect themselves and meheir own health and my reputation-by frowning down and repudiating the piratical speculators who are pedilling their foul commodities under cover of my trade mark. No article had ever been imported from Holland into this market, un der the name of Schnapps, previous to the appearance of Wolfe's Schiedam Aromatic Schnapps, in this city. The first importation being made into this city in the year eighteen hundred and forty-eight, which can be seen by the Custom House books, I deposited me label as a trade mark in the U. S. District Court of the Southern District of New York, in the year eighteen hundred and fifty-one, and have the certificate in my possession of that dute. The great demand which has thus been created for the genuine article, has set the whole hive or counterfeiters in motion, and the duty I owe to my customers and friends, and the publicompels me from time to time to put them on their gus against imposition. I have established a depot at 25 South Front street, Philadelphia, where the Western merchants can draw their supply at New York prices. UPOLPHO WOLFE.

TO THE PUBLIC Of the United States. N advertisement of Mr. UDOLPHO WOLPK, intely pub-A lished, as I suppose, intended for the protection of his Schiedam Schnapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiednun Schnapps, were I to let it pass without notice through this medium, I might be considered among those he den minates "Pirates and Venders of Polson," but the immense patronage and success that has atte ded the sale of the article manufactured by me, and the opinion of setent judges as to its qualities as a beverage and its ordicinal virtues, preciudes the possibility of the idea that am included among those he designs to impugn. No south he feels aggrieved at the depreciation of the sale of his Schnapps, which is manifest to all, since mine has been brought into competition with his. Not only have I succeed-ed in competing with him in quality, but the constant and increasing demand for my article, has enabled me to furnish it at a less price than he can, or does—say \$2 in the domen. And, furthermore, he will soon become satisfied that his can-tion to the citizens of the "Southern and Western States" will avail him nothing as lar as I am concerned, for the character of my Schiedam Schnapps is too well established The Accommodation Train to and from Wartrace n those States, to be injured by any such invidious publi-
